DISCLAIMER:

Trailmax Manufacture has gone out of business due to mismanagement. The quality of Trailmax structure is one of the highest in the industry, we are saddened to see them go out of business. We are selling our Trailmax trailers at cost due to Trailmax not being in business and not able to provide warranty for their trailers. Selling them at cost will give customers a chance to use the savings towards any warranty repairs if any were to occur. Our store has never processed any major warranty claims with Trailmax when they were in business, only a few to replace wood planks because the planks were split. Take this opportunity to purchase one of the best trailers at dealer cost.
